F O R E W A R D

This is the second personal name index to be prepared from the biographical section of the local history card file in the Reference Department of the California State College, Stanislaus Library. Like the first one, it was edited by J. Carlyle Parker, Assistant Director and Head of Public Services, and was prepared by student employees under his direction.

The information in this new index constitutes only a small number of the references in the biographical card file for the counties of Calaveras, Mariposa, Merced, San Joaquin, Stanislaus and Tuolumne. That file contains the names of all local persons mentioned in nine books of local history, including George H. Tinkham's History of Stanislaus County, Sol Elias' Stories of Stanislaus, John Outcalt's History of Merced County, the Elliott & Moore History of Merced County (1881), and the History of Stanislaus County (1881). A personal name index for the last of these was published in 1970.

The local history card file at Cal-State, Stanislaus Library is available to all scholars interested in local history research.
